

Your Health and Safety Representatives (HSR)

HSRs represent specific workgroups (defined groups of staff on each campus). ACU's [Resolving a WHS Issue at ACU flowchart](#) provides guidance about resolving safety and wellbeing issues. Staff members can contact their HSR about safety and wellbeing issues that are unique to their workgroup and their campus WHS Committee about concerns that are relevant to the broader campus community.

Whenever HSR positions are vacant, staff should contact their campus WHS Committee about issues they are concerned about. Refer to the [WHS Communication and Consultation Procedure](#) for more information about the University's consultations and commitments. HSRs typically attend campus WHS Committee Meetings. Meeting minutes are published on the [WHS SharePoint site](#).
