**ACU
ONLINE**

Upskill or reskill with ACU Online – a range of high-quality courses that are specifically designed for online delivery. By studying with us, you'll join a national university with an excellent reputation, receive extensive support and be part of an innovative and interactive learning community.

Why choose ACU Online?

SUPPORT SERVICES

Our dedicated support staff are available to provide help when you need it. Contact us by phone, SMS, email or live chat and you'll find an understanding, knowledgeable person ready to support you. During your studies, you will have access to student success coaches, academic staff, learning facilitators, academic skills support, counselling services and more.

OPTIMISED FOR ONLINE LEARNING

ACU Online courses are designed for online learning. They are delivered via a purpose-built, innovative learning environment by academic staff trained in online teaching. Courses are delivered asynchronously, and content is presented in manageable segments.

The Online Facilitators are experts in their units and are there to support students' success. You will also have a range of interactive resources to guide you through your learning, and you'll be networked into a community of fellow learners and academic support.

A SOUGHT-AFTER QUALIFICATION

We're young, but we are making our mark on the world stage. ACU is ranked in the top two per cent of universities worldwide¹ and is first in Australia for graduate employment².

INCREDIBLE FLEXIBILITY

Our courses are flexible, allowing you to create a study experience that suits your personal situation. There are no timetabled classes or lectures when

studying with ACU Online. Learning materials are available to students from the beginning of each term, and you can participate in learning activities when it suits you. There will be fixed assessment due dates that you must adhere to.

A UNIVERSITY WITH IMPACT

Be inspired to inspire others. At the heart of ACU is a commitment to human dignity, social justice and the common good – and this is key to all our courses. Our students graduate with the skills to make a positive impact.

2022 courses

We have four terms per year, and you can choose to start in January, April, July or October. Please note, some courses are not offered at every intake.

UNDERGRADUATE

BUSINESS

Bachelor of Commerce

Duration:
3 yrs FT (or equivalent PT)

Tailor your degree to enhance your career opportunities with specialisations in areas such as accounting, marketing, management and human resource management. You'll be able to build your personal brand, network and gain experience during your studies, and Microsoft certifications are built into the degree.

POSTGRADUATE

BUSINESS

Graduate Certificate in Business Administration

Duration:
0.5 yr FT (or equivalent PT)

Enhance your professional recognition and marketability to advance your career. You'll be introduced to important management disciplines such as finance, communications, marketing and business organisation, and build the foundation to progress to a Master of Business Administration.

Master of Business Administration

Duration:
1 - 2 yrs FT (or equivalent PT)

Advance your career and become a well-rounded management professional with our unique MBA that puts ethics and sustainability at the forefront. You can study general management or design your own specialist qualification with four open electives from any discipline.

INFORMATION TECHNOLOGY

Graduate Certificate in Cyber Security

Duration:
0.5 yr FT (or equivalent PT)

Co-designed with Cisco Networking Academy, this course will give you a global perspective of cyber security issues and challenges - and equip you with the knowledge and practical skills you'll need in this growing field. You'll undertake industry and research-based projects and gain hands-on practice in our interactive cyber security labs.

NURSING, MIDWIFERY AND PARAMEDICINE

Graduate Certificate in Clinical Nursing

Duration:
1 yr PT

Expand your knowledge and skills in clinical nursing and practice. You can specialise in either gerontological nursing or correctional health, and you'll develop holistic care skills as well as foundational scientific knowledge underpinning your chosen area of specialised practice.

PHILOSOPHY

Graduate Certificate in Healthcare Ethics

Duration:
1 yr FT (or equivalent PT)

Designed for leaders and educators working in health and aged care, this course will introduce you to the study of ethics and teach you the skills to navigate ethical issues in the provision of healthcare services in a Catholic context.

PUBLIC HEALTH AND ADMINISTRATION

Graduate Certificate in Aged Care Management

Duration:
0.5 yr FT (or equivalent PT)

Gain specialised theoretical and professional knowledge and skills to support the delivery of quality care to older people. You'll study management strategies to effectively identify and support the spiritual and psychosocial needs associated with ageing, and learn to lead an organisational culture that positively underpins quality and safety.

Graduate Certificate in Digital Health

Duration:
0.5 yr FT (or equivalent PT)

Develop an evidence-based foundation of digital health and a sound understanding of the relevant concepts and application of digital health technologies to suit the health industry. You'll also learn how to make ethical decisions on the adoption of these technologies into the future.

Graduate Diploma in Digital Health

Duration:
1 yr FT (or equivalent PT)

This course helps health and IT professionals to acquire advanced knowledge and skills in interpreting meaningful health data, and foundational knowledge in digital health ecosystems to influence strategic direction that greatly benefits health care.

Master of Digital Health

Duration:
1.5 yrs FT (or equivalent PT)

Lead the future of digital health. You'll develop expert knowledge and understanding of industry-relevant digital health concepts, advanced skills as a generalist or in an area of specialisation, and multidisciplinary skills suitable for the health and health IT industries.

TEACHING

Graduate Certificate in Mental Health for Teachers and Educators

Duration:
1 yr FT (or equivalent PT)

This academically rigorous course will equip you with proven, positive self-awareness and self-management strategies. It will illuminate the factors that surround, impact and influence mental health and wellbeing, and share the important role of mental health and wellbeing in your workplace.

Graduate Diploma in Design and Technologies Education

Duration:
1 yr PT

Upon successful completion of this course, you'll be able to apply for recognition as a teacher in design and technologies, and product design and technologies. You'll study timber design, product design, and electromechanical and engineering technologies, as well as design and technologies curriculum, pedagogy and assessment.

Master of Teaching (Early Childhood and Primary)

Duration:
2 yrs FT (or equivalent PT)

A graduate-entry, pre-service teacher education course for those who want to qualify as both an early childhood and primary school teacher. You'll complete a series of online units and block day placements in early childhood and primary school settings, and graduate with a teaching specialisation area within the primary curriculum.
